Members of the Governing Body thanked Cormac Shaw for his work as Chairman of the Audit Sub-committee and members/former members of the Audit Sub-Committee for their work on behalf of the Governing Body.

7. Governing Body Resolutions

7.1 The Governing Body Resolves to reverse the decision (14/2013) made on 4th December 2013 to authorise the President to enter into an agreement for the installation of a telecommunications mast on the roof of the Atrium Building on the IADT Campus (3/2016)

In the light of significant publicity, some of which is adverse to the Institute, regarding the proposal by Vodafone to erect a telecommunications mast on the roof of the Atrium Building, the Governing Body considered it appropriate to offer members the opportunity to discuss the matter further and to consider if they wish to reverse the decision taken on December 4th 2013 in relation to the mast. A copy of the legal advice received from IADT's solicitors was circulated to members for use during the meeting. A number of inaccurate statements being made by campaigners opposed to the mast were addressed by the President. The President noted that support for the installation of the mast has also been expressed on social media as well as opposition to it. In speaking to staff, the President noted an approximate 50:50 support for and against the installation of the mast. It was also noted that the appeal against the granting of planning permission by Dun Laoghaire-Rathdown County Council is now a matter for consideration by An Bord Pleanála with a decision due by the end of the summer. In addition it was noted that the term of office for the current Governing Body expires on March 31st. The legal implications of a reversal of the December 2013 decision, legal requirements regarding the licensing of equipment and the absence of definitive evidence of harm in relation to mast emissions were again outlined to the Governing Body.

Following a lengthy discussion and expressions of differing views both for and against the Resolution as proposed. It was suggested that a resolution to rescind the decision of December 2013 should be deferred to the new Governing Body pending the outcome of the appeal to An Bord Pleanála, and an amendment to the Governing Body Resolution was proposed to and accepted by the Governing Body as follows:

The Governing Body resolves that a decision whether to reverse the decision (14/2013) made on 4th December 2013 to authorise the President to enter into an agreement for the installation of a telecommunications mast on the roof of the Atrium Building on the IADT Campus (Resolution 3/2016) be deferred to after the outcome of the Appeal to An Bord Pleanála (5/2016).

A vote on Resolution 5/2016 was taken – the outcome was as follows:

In Favour of the Resolution	8
Against the Resolution	5

Resolution 5/2016 was adopted by the Governing Body by way of majority decision.

Resolution 3/2016 was deferred to a future meeting of the Governing Body pending the outcome of the appeal to An Bord Pleanála.

The Chairperson thanked all members of the Governing Body for their contributions on his matter.

This will in turn be presented to the Governing Body for approval. IADT is also currently preparing the Programmes and Budgets submissions for 2016 which will be presented to the HEA in the coming weeks. The need to continue to grow self-generated income and to increase student numbers in order to maintain IADT's budget share within the sector were again highlighted, as was the need to find creative ways to achieve this within current resources and infrastructure.
